C. B. PHILBRICK, Secretary of Trustees.

HEALTH OFFICERS REPORT

In accordance with the usual custom the report of the health officer is hereby presented :

There has been nearly 60 cases of measles in town the past year with only one case resulting fatally. If all parties under quarantine would read the "card" and adhere strictly to its directions, contagious diseases could be more easily controlled.

In compliance with the school law in regard to vaccination, about 20 children have been vaccinated, most of them successfully.

Health certificates to the number of 25 were issued to children of summer residents before their return to their homes in other states.

I have been called upon to make several investigations and so far as I know, matters have been adjusted satisfactorily to all concerned.

By request of the State Board of Health I attended a meeting of the Sullivan County Health Officers held at Claremont for the purpose of instructions to health officers.

Respectfully submitted,

CARL B. PHILBRICK.

TOWN LIBRARY

Our librarian, Mrs. Abby J. Goodhue, reports nearly 900 books in the library. During the past year 450 books have been loaned.

Besides the books from the State gifts of books have been received from Mrs. Joseph Stoddard, Mrs. Harry Gordon, Mrs. S. M. Gruenberg, Mrs. Howard Fiske and Mrs. Leighton Philbrick.

\$44.56 has been expended this year for new books, including works of fiction, history, poetry, etc. With the growing interest in our library, we feel more and more the need of a library building with a reading room.

We believe that the reading of good books cannot fail to have an elevating effect in any community.

GEORGE D. PHILBRICK,
GUY A. LOVERIN,
CARL B. PHILBRICK,
Trustees.

REPORT OF SCHOOL BOARD

In compliance with the law, we submit our annual school report for the year 1916.

We recommend that \$250 be raised for high school tuition, \$100 for scholars supplies, text books, etc., \$100 for repairs and \$75 for officers salaries.

We have maintained five schools the past year, with mostly experienced teachers, and we think some very good work has been done, yet we feel that much more might have been accomplished if the parents had tried harder to have their children in school every day unless they were prevented by sickness. No child can get on as well who stays out of school a good share of the time. They lose interest and are very sure to fall behind their class.

Let every pupil try to have their name on the roll

of honor for the next year, and let all voters show their interest in the schools by coming out to the school meeting.

Respectfully submitted,

HILDA E. CLOUGH,
CARL B. PHILBRICK,
JANE V. HILL,
School Board.
